

2nd International Conference on

MOLECULAR AND FUNCTIONAL CATALYSIS (ICMFC-2)

MON 30 - TUE 31 JULY 2012

BIOPOLIS, SINGAPORE

==== Call for Posters ====

The 2nd International Conference on Molecular and Functional Catalysis (ICMFC-2) will be held in Singapore from 30 to 31 July 2012. The forum will focus on the following key themes:

- (1) Metal-Based Catalysis
- (2) Biocatalysis and Organocatalysis
- (3) Solid-State, Surface Catalysts and Supported Catalysts
- (4) Catalysts for Renewable Energy and Sustainable Chemistry
- (5) Industrial Catalysts
- (6) Asymmetric Catalysis
- (7) Battery & Advanced Energy Storage

Catalysis is an established science of contemporary value. It is an area of global interest with strategic relevance in Singapore. This meeting provides a nucleus to gather researchers, scientists, engineers as well as industry & business professionals to foster cross-disciplinary collaborations and discuss the latest developments in a field that is intimately linked to global challenges such as energy, environment and health. It also provides a valuable learning experience for students and aspiring researchers.

Early Bird (on or before 29 May 2012)	\$750
Regular	\$800
SNIC & NUS Members & Partners	\$720
Students	\$640

* Fees inclusive of GST charges

Plenary Speakers

Prof. Pierre BRAUNSTEIN

Université de Strasbourg, Institut de Chimie, France

Prof. Li DENG

Brandeis University, USA

Prof. Masatake HARUTA

Graduate School of Urban Environmental Sciences, Japan

Prof. Nicholas LONG

Imperial College London, United Kingdom

Keynote Speakers

Prof F. Ekkehardt HAHN

WWU Münster Institut für Anorganische und Analytische Chemie, Germany

Prof. Tamio HAYASHI

*Institute of Materials Research and Engineering, A*STAR*

Dr. Zhaomin HOU

RIKEN Advance Science Institute, Japan

Prof. Guo-Xin JIN

Fudan University, China

Prof. Masato KITAMURA

Nagoya University, Japan

Prof. Satoshi MURATSUGU

National Institute of Natural Sciences, Japan

Prof. Kalman J. SZABO

Stockholm University, Sweden

Prof. Notker ROESCH

*Technische Universität München, Germany and Institute of High Performance Computing, A*STAR, Singapore*

Prof. Jean-Marie BASSET

King Abdullah University of Science and Technology, Saudi Arabia

and many world-class speakers...
